Happy to See Festa Italia preview in the newspaper

As a retired Italian teacher from Monterey High School and Monterey Peninsula College, I was so happy to see the Herald's prominent headline of the (Santa Rosalia) Festa Italia. It was nice to have a detailed schedule of the activities in the newspaper beforehand as well.

I was also happy to see that a favorite event, Bocce, was used correctly in the article. My former students can attest that I didn't want them to say Bocce Ball! That would be like saying "Football Ball" or "Basketball Ball". Once a linguistic instructor...sigh.
